PROFESSIONAL SUMMARY

Senior DevOps Engineer specializing in infrastructure reliability, scalability, and security. Experienced in designing CI/CD pipelines, managing 20+ microservices on AWS EKS across hybrid cloud environments, and delivering GitOps and Infrastructure-as-Code solutions that reduce operational overhead and accelerate release frequency.

WORK EXPERIENCE

Senior DevOps Engineer | B.TECH (b_labs & mylo) | Cairo, Egypt **04/2024 - Present**

- Automated software configuration and deployments using Amazon EKS, Helm, Argo CD, GitHub Actions, and Terraform, enabling GitOps workflows across 3+ environments and accelerating release frequency by over 60%.
- Deployed and managed hybrid cloud infrastructure using Huawei Cloud and AWS Outposts, integrating on-premises and cloud workloads to support 10+ production services.
- Delivered resilient, highly available platforms through Infrastructure-as-Code (IaC) practices, reducing manual configuration by 70% and improving deployment consistency across teams.
- Investigated and resolved production issues in containerized environments, achieving 99.9% service availability and minimizing unplanned downtime.
- Partnered with 5+ development teams to streamline CI/CD release pipelines and enforce DevOps best practices, reducing MTDD by ~30% and cutting rollback incidents by 50% across 3 release environments.

DevOps Engineer | Integrated Solutions For Ports (ISFP) | Alexandria, Egypt **04/2023 - 03/2024**

- Implemented customer integrations and system automation using Ansible, Jenkins, Docker, and Linux, reducing deployment time by 50% and improving release reliability.
- Built and maintained CI/CD pipelines that reduced operational errors by 40% and standardized the software delivery process across multiple projects.
- Automated 15+ repetitive infrastructure tasks using Bash and Ansible, reclaiming approximately 8 engineering hours per week.

Backend Engineer (PHP/Laravel) | Arabic Localizer | Alexandria, Egypt **08/2021 - 10/2022**

- Built and maintained PHP/Laravel web applications; optimized MySQL queries, reducing average page load time by 35%.

EDUCATION

Diploma in Information Technology **11/2022 - 03/2023**

Information Technology Institute (ITI)

B.Sc. in Agricultural Economics **07/2017 - 07/2021**

Faculty of Agriculture, Alexandria University | Grade: Good | Graduation Project: Excellent

CERTIFICATIONS

AWS Certified Solutions Architect - Associate (SAA-C03)

04/2026 - 04/2029

Issued by Amazon Web Services Training and Certification

Certified Kubernetes Administrator (CKA)

03/2023 - 03/2026

Issued by The Linux Foundation

AWS Certified Cloud Practitioner (CLF-C02)

08/2023 - 08/2026

Issued by Amazon Web Services Training and Certification

TECHNICAL SKILLS

Cloud Providers: AWS (EC2, EKS, S3, VPC, IAM, Outposts, CloudWatch, Lambda, SNS/SQS, API Gateway, Cost Explorer), Oracle Cloud

Containerization and Orchestration: Docker, Kubernetes, Helm

CI/CD and GitOps: Jenkins, Argo CD, GitHub Actions, GitOps

Infrastructure as Code: Terraform, Terragrunt

Configuration Management: Ansible

Observability: Prometheus, Grafana, Loki, OpenTelemetry

Version Control: Git, GitHub

Web Servers: Nginx

Repository Management: Nexus

Operating Systems: Linux (Ubuntu, CentOS), Windows

Programming & Scripting: Python, Bash Script

Key Practices: High Availability, Disaster Recovery, Cost Optimization, DevSecOps, Microservices, RBAC

TRAINING & COURSES

Backend Developer Internship (PHP / Laravel / MySQL)

02/2022 - 05/2022

Route Academy

Software IT Fundamentals

04/2022 - 05/2022

National Telecommunication Institute (NTI)

Full-Stack Web Development

09/2020 - 11/2020

Ministry of Communication and Information Technology

LANGUAGES

Arabic: Native

English: B2 Upper-Intermediate
