PROFESSIONAL SUMMARY

Motivated DevOps Engineer with a strong focus on infrastructure reliability, scalability, and security. Experienced in designing and automating CI/CD pipelines, managing cloud environments on AWS, and implementing GitOps and Infrastructure-as-Code practices. Proven ability to reduce operational errors and deliver resilient platforms across hybrid and cloud-native environments.

WORK EXPERIENCE

DevOps Engineer | B.TECH (b_labs & mylo) | Cairo, Egypt 04/2024 - **Present**

- Automated software configuration and deployments using Amazon EKS, Helm, Argo CD, GitHub Actions, and Terraform, enabling GitOps workflows across multiple environments.
- Worked with Huawei Cloud and AWS Outposts to support hybrid cloud deployments, bridging on-premises and cloud infrastructure.
- Delivered resilient and scalable platforms through Infrastructure-as-Code (IaC) practices, reducing manual configuration and improving deployment consistency.
- Collaborated with development teams to streamline release pipelines and enforce best practices in CI/CD automation.

DevOps Engineer | Integrated Solutions For Ports (ISFP) | Alexandria, Egypt 04/2023 - 03/2024

- Implemented customer integrations and system automation using Ansible, Jenkins, Docker, and Linux, improving deployment speed and reliability.
- Built and maintained CI/CD pipelines that reduced operational errors and standardized the software delivery process.
- Investigated and resolved production issues in containerized environments, minimizing downtime and service disruption.
- Automated repetitive infrastructure tasks, freeing engineering capacity for higher-value work.

Backend Engineer (PHP/Laravel) | Arabic Localizer | Alexandria,Egypt 08/2021 - 10/2022

- Maintained and improved the company website, fixing bugs and ensuring uptime.
- Refactored legacy code sections to improve maintainability and readability.
- Optimized MySQL query performance, reducing page load times and improving application responsiveness.

EDUCATION

Diploma in Information Technology 11/2022 - 03/2023

Information Technology Institute (ITI)

B.Sc. in Agricultural Economics 07/2017 - 072021

Faculty of Agriculture, Alexandria University | Grade: Good | Graduation Project: Excellent

CERTIFICATIONS

AWS Certified Solutions Architect - Associate (SAA-C03) 04/2026 - 04/2029

Issued by Amazon Web Services Training and Certification

Certified Kubernetes Administrator (CKA) 03/2023 - 03/2026

Issued by The Linux Foundation

AWS Certified Cloud Practitioner (CLF-C02) 08/2023 - 08/2026

Issued by Amazon Web Services Training and Certification

TECHNICAL SKILLS

Cloud Providers: AWS (EC2, EKS, S3, VPC, IAM, Outposts, CloudWatch, Lambda, SNS/SQS, API Gateway)
Containerization & Orchestration: Docker, Kubernetes, Helm
CI/CD Tools: Jenkins, Argo CD, GitHub Actions
Infrastructure as Code: Terraform
Configuration Management: Ansible
Observability: Prometheus, Grafana, Loki, OpenTelemetry
Version Control: Git, GitHub
Web Servers: Nginx
Repository Management: Nexus
Operating Systems: Linux (Ubuntu, CentOS), Windows
Programming & Scripting: Python, Bash Script

TRAINING & COURSES

Backend Developer Internship (PHP / Laravel / MySQL) 02/2022 - 05/2022
Route Academy

Software IT Fundamentals 04/2022 - 05/2022
National Telecommunication Institute (NTI)

Full-Stack Web Development 09/2020 - 11/2020
Ministry of Communication and Information Technology

LANGUAGES

Arabic: Native
English: B1 – Intermediate
